

## Blue Box Regulation - Municipal and First Nation Initial Report

**ATTENTION:** It is an offence to submit false or misleading information to the Authority

Submission deadline: Eligible communities that are included in the Blue Box Transition Schedule must submit the information in this form, on or before,

- (a) September 30, 2021, if the eligible community is a local municipality or local services board area; and
- (b) November 30, 2021, if the eligible community is a reserve.

Click here for the Transition Schedule: <https://rprra.ca/wp-content/uploads/Attachment-Blue-Box-Transition-Schedule.pdf>

**A form must be submitted on behalf of each eligible local municipality, local services board or First Nation.**

If you are an upper-tier municipality or waste association, this form must be submitted separately for each eligible community in your program.

A local municipality means a single-tier municipality or a lower-tier municipality. A local services board has the same meaning as "Board" in the *Northern Services Boards Act*. A First Nation means a council of the Band as referred to in subsection 2 (1) of the *Indian Act* (Canada).

### Name of the Eligible Community

Please provide the name of the eligible local municipality, local services board or First Nation, as listed on the Transition Schedule, for which this form is being completed.

Name

Township of North Glengarry

### Primary Contact Information

The primary contact should be someone from the community who can speak to waste management. While there may be different people responsible for different aspects of your blue box program, please include a primary contact who can direct inquiries to the appropriate person as needed.

#### Primary business contact information of the person responsible for waste management

## Blue Box Regulation - Municipal and First Nation Initial Report

ATTENTION: It is an offence to submit false or misleading information to the Authority

### 1. Provide the name(s) of the municipality, local services board, First Nation, or other entity that operates your Waste Diversion Transition Act (WDTA) blue box program and garbage collection.

The operator of your program is the entity who makes arrangements for the collection and processing of materials in your community and can speak to how your program operates. If there is more than one entity that operates your blue box program and garbage collection, indicate all operators and include a brief description of which services they operate on behalf of your community.

Name of Operator	Service(s) Operated	Contact Name	Phone	Email
<i>Ex. The Region of Peel</i>	<i>Garbage</i>	<i>John Smith</i>	<i>555-555-5555</i>	<a href="mailto:johnsmith@municipality.ca">johnsmith@municipality.ca</a>
<i>Ex. Our Waste Association</i>	<i>Blue Box</i>	<i>Megan Smith</i>	<i>555-555-5555</i>	<a href="mailto:megansmith@association.com">megansmith@association.com</a>
Township of North Glengarry	Garbage	Linda Andrushkoff	613.525.5113	<a href="mailto:linda@northglengarry.ca">linda@northglengarry.ca</a>

Township of North Glengarry	Garbage	Tara Clayton	613.525.3087	<a href="mailto:pwdirector@northglengarry.ca">pwdirector@northglengarry.ca</a>
Township of North Glengarry	Blue Box	Tara Clayton	613.525.3087	<a href="mailto:pwdirector@northglengarry.ca">pwdirector@northglengarry.ca</a>

### 2. Total population in the eligible community as of December 31, 2020.

Population	10,595
------------	--------

What source did you use for the above population data? (select from the drop-down list)

Statistics Canada
-------------------

### 3. Number of residences in the eligible community as of December 31, 2020.

Residences are households and include seasonal residences. A multi-residential residence is a unit in a building that has 6 or more dwelling units. Report all residences in your community, even if they do not currently receive collection services under a WDTA blue box program.

Number of single-family residences	4508
------------------------------------	------

Number of residences (units) in multi-residential facilities	900
Total number of residences	5408

What source did you use for the above data about residences? (select from the drop-down list)

Statistics Canada

**4. The number of single-family residences that received collection services under a WDTA blue box program in the eligible community as of December 31, 2020.**

Do not include residences in multi-residential buildings (buildings with 6 or more dwelling units) in this section. Multi-residential buildings will be reported separately on the next sheet.

Number of single-family residences that receive curbside collection	4508
Number of single-family residences that receive depot collection as their primary mode of collection	0
Total number of single-family residences that receive collection services	4508

**Blue Box Regulation - Municipal and First Nation Initial Report**

ATTENTION: It is an offence to submit false or misleading information to the Authority

**5. Number of multi-residential facilities that receive blue box collection service under your WDTA blue box program as of December 31, 2020.**

A multi-residential facility is a building that has 6 or more dwelling units. Multi-residential facilities include apartment buildings and condominiums but do not include a building used for temporary accommodation, such as a hotel.

Number of multi-residential facilities with 6 or more dwelling units that receive blue box collection service under your WDTA blue box program	150
--	-----

**6. Other facilities in the eligible community that receive collection services under your WDTA blue box program as of December 31, 2020.**

Facilities (other than multi-residential) include the following:

- a) Retirement homes that are operated by a municipality or an entity that does not operate with a purpose of generating a profit, or that were included in the WDTA blue box program on August 15, 2019.
- b) Long-term care homes that are non-profit long-term care homes or that were included in the WDTA blue box program on August 15, 2019.
- c) Buildings that contain schools or private schools.

**Do any of the above facilities receive blue box collection services under your WDTA blue box program?**

<- Type 'Yes' or 'No'

Number of retirement homes	0
Number of long-term care homes	0

Number of schools and private schools	0
Total number of other facilities	0

**7. Where did you obtain the information about the number of multi-residential facilities, retirement homes, long-term care homes and schools in your community?**

If you used different sources for different types of facilities, please describe.

Multi-residential buildings #'s came from StatsCan. Retirement home, long-term care and schools came from the North Glengarry twp building dept. Retirement homes, care homes and schools are required to provide their own collection for all waste and delivery at recycling processing facilities.

**8. What criteria or conditions are used to determine which facilities (including multi-residential facilities) were included in the WDTA blue box program in the eligible community on August 15, 2019?**

**Do any multi-residential facilities receive blue box collection services under your WDTA blue box program?**

<- Type 'Yes' or 'No'

All dwelling/residences are serviced with curbside collection. All residences, whether single or multi-residential buildings are taxed - by address - for garbage & recycling collection and recycling processing. The Township provides recycling bins to all dwelling/residences.

**Do any retirement homes receive blue box collection services under your WDTA blue box program?**

<- Type 'Yes' or 'No'

Describe what criteria or conditions are used to determine which retirement homes were included under your WDTA

blue box program.

If required, additional documents can be submitted with this report (please label them with the question #).

**Do any long-term care homes receive blue box collection services under your WDTA blue box program?**

**No** <- Type 'Yes' or 'No'

Describe what criteria or conditions are used to determine which long-term care homes were included under your WDTA blue box program.

If required, additional documents can be submitted with this report (please label them with the question #).

**Do any school or private schools receive blue box collection services under your WDTA blue box program?**

**No** <- Type 'Yes' or 'No'

Describe what criteria or conditions are used to determine which schools or private schools were included under your WDTA blue box program.

If required, additional documents can be submitted with this report (please label them with the question #).

## Blue Box Regulation - Municipal and First Nation Initial Report

ATTENTION: It is an offence to submit false or misleading information to the Authority

### 9. Number of blue box receptacles in a public space in the eligible community that receive collection under the WDTA blue box program as of December 31, 2020.

Public space means an outdoor area in a park, playground or sidewalk, or a public transit station or stop under municipal or provincial jurisdiction, including a track-level stop, to which the public is normally provided access.

#### Do any blue box receptacles in public spaces in your community receive collection under the WDTA blue box program?

Blue box receptacle means a container, bin, cart, bag or other receptacle that holds blue box material, and from which blue box material is collected.

<- Type 'Yes' or 'No'

If you answered 'Yes', indicate the total number of blue box receptacles in a public space that receive collection services as of December 31, 2020. This total number should include any seasonal blue box receptacles, which are not serviced year-round.

Number of blue box receptacles in public spaces	0
---	---

### 10. Submission

Once this form is complete, please submit it, along with any additional supporting documents, by email to [registry@rpra.ca](mailto:registry@rpra.ca).

Information collected in this Initial Report is collected under the authority of the *Resource Recovery and Circular Economy Act, 2016*. The information will be used for the administration of the Act and may be disclosed for that purpose in accordance with the Act and the Authority's Access and Privacy Code. If you have any questions about the collection, use and disclosure of the information, please contact the Authority by email at [registry@rpra.ca](mailto:registry@rpra.ca) or by phone at 1-647-496-0530 or 1-833-600-0530.
