

Dear members of the council of North Glengarry,

My name is Derick Viau and I am the President & General Manager of the Alexandria Jr.B Glens Hockey Club. The Alexandria Glens are a Community run organization and this year has been a tough year with the COVID-19.

The Organization is looking for financial support from the township of North Glengarry to help out pay some expenses. We are looking for help to pay for the Equipment that was purchased for the team that was unfortunately ordered due to a League contract with the equipment provider CCM.

Now that we have the equipment, CCM gave us permission to not order any equipment for next season, as we already have that equipment in storage here at the Arena. This equipment will be bought by the Player's next season.

Thanks for your support

Derick Viau
President/General Manager
